

RESCUESTREAMER

www.SPRmarine.co.uk

*SURVIVOR II WITH HOLSTER
(6" INCHES X 25' FEET)*

Sometimes you like being far from civilization. Off the grid. But if the situation turns bad, you'll want help fast. RescueStreamer® works when all else fails.

- *Works until your found.*
- *Pinpoints your exact location from a distance.*
- *Foolproof operation uses no batteries, electronics, chemicals or pyrotechnics.*
- *Designed to remain with you afloat and deployed until rescued.*
- *Visible over a mile away.*
- *Deploys in seconds.*
- *Works consistently.*
- *Signals continuously—even if you're injured or asleep.*
- *Compact and lightweight.*
- *No Expiry Date*

MARINER (10" INCHES X 40' FEET)

This bright orange streamer (6" inches X 25" feet.) can be seen over a mile away and provides a continuous high visibility signal on land or in water.

The way this works is by unfurling the streamer to give you a larger "foot print" from the air. Think of the line in an explanation mark !

Attach to raft or Lifejacket with built in clip and let it float with you. Great for offshore use, pack this in your abandon ship bag. Includes storage belt pouch for personal use.

Approved for Military & US Coastguard Use.

IMPORTED INTO UK BY: SPRMARINE.CO.UK

WORKS WHEN ALL ELSE FAILS.
